

Closing the Gap Supervisor Support Form

Active engagement is key to unlocking the full potential of the Closing the Gap Program. We believe that support from the direct supervisor will give our participants encouragement to fully engage in each session and maximize their time in the program. Each participant is assigned a mentor with whom they will meet at least twice per month.

Program Schedule

As with any leadership development program, active participation in discussions and a commitment to the mentoring process contributes to individual and collective success. Each participant will be assigned development activities that connect the course content to their professional assessment and development goals.

- Date: July – December, 3rd Wednesday of each month
- Time: 3:00 p.m. – 4:00p.m. Eastern
